Cleaning service in your area

Take advantage of one of today's many cleaning services. They offer full time cleaning services for those days when your schedule is too full to fit in house cleaning needs. Regular cleaning services are available on weekly, or bi-weekly basis. The cleaning industry has two primary market groups: consumer and commercial. The consumer arena ***Click here for more info*** consists primarily of residential maid services, along with carpet cleaners, window cleaners and a variety of other cleaning services required on a less-frequent basis. The commercial arena is dominated by janitorial services, which typically provide a wider range of services than maid services, along with other cleaning companies, such as carpet and window cleaners that target businesses rather than individual consumers. Cleaning Services currently employs around 200 cleaners, mostly on a part time basis, either early morning or evening. The cleaners carry out a daily cleaning service to almost any home, and office. They can mop, dust, vacuum, wash, disinfect and clean up every corner of your house. Not a superficial, cover it up, but a deep, thorough, complete cleaning.Cleaning includes all services normally associated with a house cleaning company, including emptying all trash, dusting, vacuuming carpet, cleaning mirrors and insides of windows, and cleaning the bathroom toilet, shower/bath, sink, and floor. Cleaning services are available Monday through Friday. Requests cannot be made for same-day service. Service is provided on a first-come, first-served basis. Payment must be received at time of request, and can be made by check.
