

Finding a violin shop in Singapore that combines quality instruments, expert advice, and genuine craftsmanship is not always easy. LVL Music Academy, based at 17 Yuk Tong Ave in the Beauty World area, has been serving Singapore's string instrument community since 2013, earning a reputation as one of the most trusted violin shops in the city. The shop carries an impressive range of handcrafted modern and antique violins, bows, and accessories for players at every level. Whether a customer is a beginner looking for a reliable starter instrument or an advanced player searching for a fine handcrafted violin with a warm, responsive tone, LVL's in-house luthier Alan Senejani brings the expertise and technical precision to help make the right choice. Alan's background in mechanical engineering informs his approach to instrument assessment, giving customers a level of analysis rarely found in conventional music shops. LVL Music Academy is the only establishment in Singapore to combine an in-house violin and cello shop with full luthier services under one roof. This means customers can buy, repair, rent, and learn at the same location, making it a genuine one-stop destination for string players across the island.

LVL Music Academy | 17 Yuk Tong Ave, Singapore 596322 | +65 8200 4711
