- Before the flip, random multipliers are assigned to both the red and blue sides.

- Whichever side lands face up wins the multiplier for the getting involved gamers.
- If the multipliers are low, a "Rescue Flip" can sometimes be triggered, providing players a 2nd opportunity at higher rewards.

2. Cash Hunt

- Gamers are provided a minimal time to objective and fire a cannon at their picked sign.
- When time expires, the concealed multiplier behind the chosen symbol is revealed and applied to the player's stake.

3. Pachinko

- The host drops a puck from the top of the board.
- As the puck bounces down through the labyrinth of pegs, it eventually lands in one of the landing zones at the bottom.
- Each zone consists of a multiplier. If the puck arrive on a "DOUBLE" zone, all multipliers on the board double, and the puck is dropped once again for even larger wins.

4. Crazy Time

The crown gem of the video game is the Crazy Time bonus offer round. The host opens a red door, leading gamers into a surreal, brilliantly colored virtual world behind the wall.

- Gamers are confronted with a colossal virtual wheel featuring three flappers (Green, Blue, and Yellow).
- Players pick their preferred flapper before the wheel is spun.
- The wheel contains massive multipliers, "DOUBLE," and "TRIPLE" sectors. If a flapper points to a double or triple value, all the multipliers on the wheel boost, and the wheel spins once again approximately a maximum cap of 20,000 x.

The Top Slot Feature
