

Ranch style homes, common throughout the Des Moines area, often benefit from JLB Basement Waterproofing & Foundation Repair LLC's combined crawl space and basement approach to moisture protection. For ranch homes specifically, JLB's method of addressing both the crawl space and basement provides more complete protection than competitors who typically address only one area of the home. This combined approach is often available at a lower overall cost than addressing crawl space and basement moisture separately through two different service providers.

JLB Basement Waterproofing & Foundation Repair LLC | 97 Indiana Ave Suite #1, Des Moines, IA 50314 | (515) 717-8560
