What is Crazy Time?

Released in 2020 by Evolution, Crazy Time is constructed on the massive success of earlier wheel-based games like *Dream Catcher* and *Monopoly Live*. Hosted by charismatic presenters in a dynamic, circus-themed studio, the game focuses on a giant, 54-segment mechanical wheel.

The primary goal for gamers is simple: predict which segment the wheel will stop on after the host offers it a spin. However, the game goes far beyond fundamental guessing by incorporating a Top Slot multiplier feature and four immersive reward rounds that can cause payments of up to 25,000 x the player's stake.

The Wheel Breakdown

To comprehend how the game works, one must initially look at the distribution of segments on the main cash wheel. There are 54 sections in overall, divided among numbers and bonus games.
