- **The Balanced Approach:** Utilize the double bet feature. Location a big stake on the very first bet with a low auto-cashout (e.g., 1.50 x) to cover the cost of both bets, and a small stake on the second bet to chase after greater multipliers (e.g., 5.00 x or higher).

2. Bankroll Management Rules

- **Set a Budget:** Decide how much money you want to spend before you begin playing, and never ever exceed that limit.
- **Never Chase Losses:** If you experience a losing streak, withstand the desire to increase your stake sizes to win the money back quickly. This is the fastest method to deplete your account.
- **Accept Volatility:** The aircraft can crash at 1.00 x consecutively. Never ever presume a high multiplier is "due" even if the last few rounds resulted in low multipliers. Each round is totally independent.
