Tips for a Stress-Free International Move

Even with professional movers, a smooth move requires some preparation on your part. Here are tips to help you get ready:

- **Start Early:** Begin planning your move at least 2–3 months in advance to allow sufficient time for packing, documentation, and travel arrangements.
- **Declutter:** Sort through your belongings and decide what to take, donate, or sell. This reduces shipping costs and makes unpacking easier.
- **Label Everything:** Clearly label boxes with contents and destination rooms to streamline unpacking at your new home.
- **Keep Essentials Handy:** Pack a separate bag with important documents, medications, and daily necessities for the first few days after arrival.
- **Stay Informed:** Keep in touch with your movers and track shipments when possible to stay updated on your belongings' status.
