- **The Aggressive Approach:** Place two equal bets, squandering the very first one at a moderate multiplier to protect revenue, and leaving the second one to ride for a huge payout.

2. The Martingale Strategy (Proceed with Caution)

Originating from live roulette, this method includes doubling your bet after every loss so that when you ultimately win, you recover all previous losses plus a profit equal to your initial stake.

- *Note: This method needs a significant bankroll and can be risky if you struck a long losing streak.*

3. Bankroll Management

The principle of playing the Aviator game online in Kenya is never ever to gamble with money you can not manage to lose.

- Set a daily loss limitation.
- Establish an earnings target; as soon as you reach it, log out.
